

Sustainability at the University

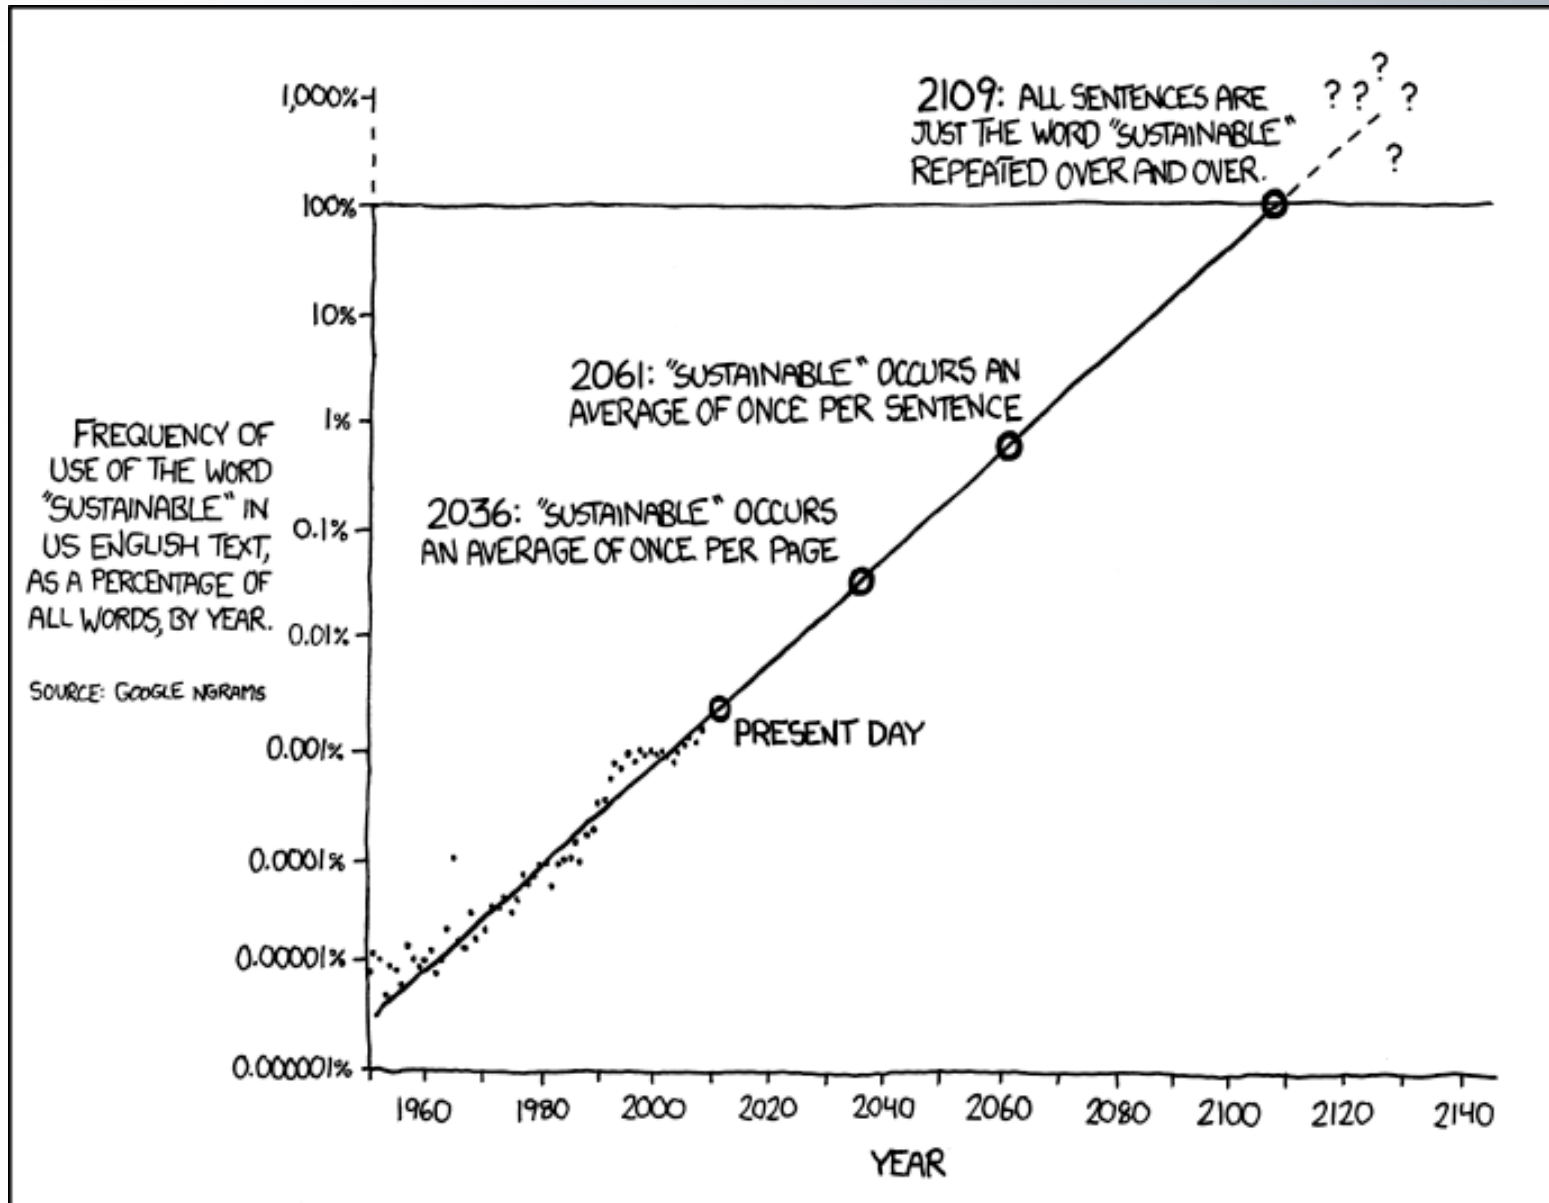

21st March 2016

Dr Alex Ryan
Director of Sustainability

Meg Baker
RCE Severn Co-ordinator

Sustainability – the big idea for the 21C?

THE WORD "SUSTAINABLE" IS UNSUSTAINABLE.

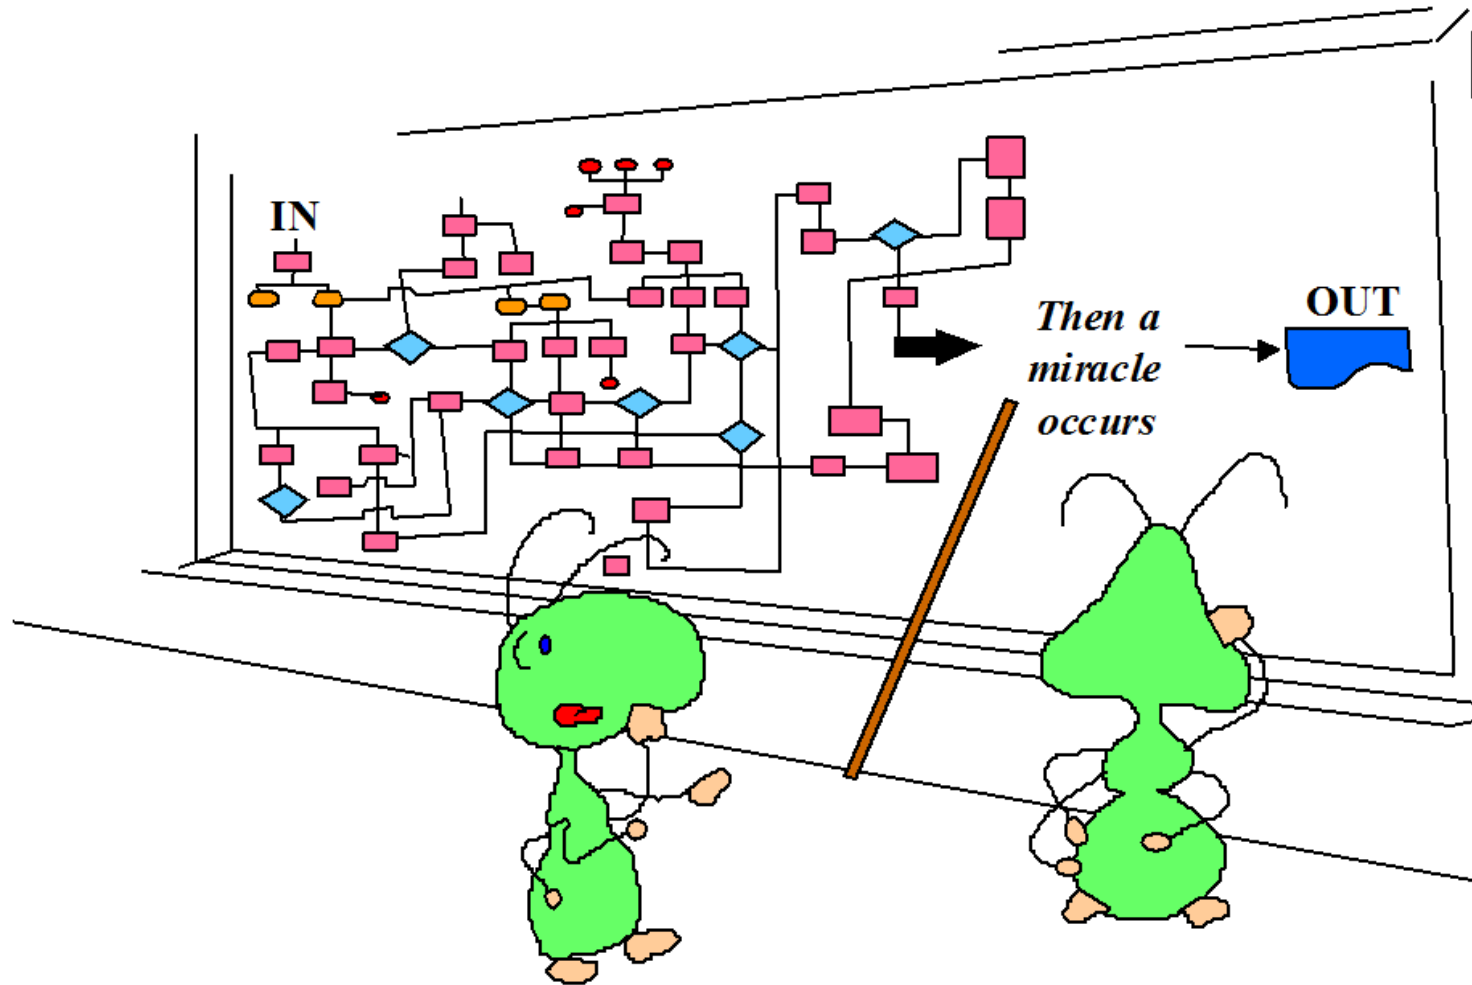

How can you get involved?

- Collaborate with external partners on sustainability through the *RCE Severn*
- Apply for *Learning for Sustainable Futures* Education for Sustainability grants
- Take part in *Student Union* initiatives and *campus initiatives and events*
- Sit on the *Sustainable Development Committee* to inform policy and practice
- Join *working groups and action projects* - e.g. travel, energy, waste, technology

What does it mean in your area?

“Good work but I think we need just a little more detail right here”

Ideas, suggestions, want to learn more?
