Pay: £7.83 per hour – paid in 4 lump sums

Closing date: 9am Friday 28th September

Interviews: Tuesday 2nd October

What is Live Smart?

Live Smart is UoG's new student-led engagement programme which aims to inspire and support students to live in smarter ways that have a positive impact on their wellbeing, finances, local community, and the sustainability of the wider planet.

The programme was developed and piloted by students in 2017/18 and is being rolled out for its first full year from September.

The key themes for 2018/19 are:

1. **Smart Travel** - Incentivising healthy lifestyles and meeting needs for more sustainable cross-campus travel
2. **Power of the Purse** - Saving money, reducing over-consumption and spending responsibly for positive impact
3. **Community** - Improving friendship and inclusiveness in halls communities and being good neighbours locally
4. **Wellbeing** - Supporting students to increase health and happiness whilst connecting to both society and the natural environment

Why would I want to be in the project team?

The project team consists of 5 students who will work together to develop and deliver Live Smart's core activities which include communications, events and competitive challenges.

You will get:

- Paid and flexible work experience directly linked to your skills and studies
- Tangible, individual, professional project outputs for your CV
- Opportunity to work with students outside your subject – make friends, build networks, and develop collaboration skills
- Contribution to your Gloucestershire Employability Award
- Mentoring and training in sustainability and how it links to your studies
- Experience of shaping and developing a real project with real benefits to your university community

What will I be doing?

As part of the project team, the Film Maker will:

- Create 8 short student engagement films (2 per theme) to be used in Live Smart communications including social media.
- Work with others in the Live Smart team to develop and steer project ideas and communicate these to students.

What are you looking for?

We are looking for:

- Enthusiastic individuals committed to the aims of the Live Smart programme
- Ability to make short films that will engage students with Live Smart
- Team players, able to work effectively with other students and members of staff
- Initiative to be proactive in developing ideas and managing workload

How do I find out more and apply?

Email me with the answers to these questions on max 1 side of A4:

- Why do you want to be a Film Maker in the Live Smart Team?
- What skills would you bring to the role of Film Maker?
- Your course and year of study
